ARTICLE 26 – DRUG AND ALCOHOL TESTING

A. Purpose

The Town and the Union recognize that Firefighter is a safety sensitive position, and that the Department must remain drug and alcohol free in order to accomplish its vital public safety mission. Personnel impaired by drugs or alcohol create an unreasonable danger to their fellow employees, and to the public. In addition, drug and alcohol abuse impair the health, well-being and productivity of the Department and its members. Consequently, the abuse of illegal drugs or alcohol cannot be tolerated.

B. Prohibited Conduct

The following conduct shall constitute an offense under this Article:

- a. The possession, use, transfer, manufacture or sale of *marijuana*, and any illegal drug;
- b. The possession or use of alcohol during working hours, or while using Town vehicles or facilities;
- c. Driving under the influence of alcohol or drugs;
- d. Reporting to work with the metabolite of an illegal substance in the blood, with a blood alcohol level above 0.02, or impaired by drugs or alcohol;

Any employee who is arrested for or convicted of a drug-related offense or driving while intoxicated must notify the Chief immediately, irrespective of whether the conduct occurred during working time.

C. Prohibited Drugs

For the purposes of this Article, prohibited drugs include all substances included in Schedules I through III of the Controlled Substances Act (21 U.S.C. §812). Included among those drugs are marijuana, cocaine, opiates, phencyclidine (PCP), amphetamines and methamphetamines. Possession of a controlled substance without a doctor's prescription or other legal authorization violates this Article and may be illegal.

An employee who is taking a controlled substance under a valid prescription should check with his or her physician to ensure that the medication will not interfere with the employee's ability to work safely and efficiently. Any questions or doubts should be raised with the Chief. Abuse of validly obtained prescription drugs will be treated in the same manner as abuse of alcohol. Abuse of prescription drugs in all other cases will be treated as abuse of illegal drugs.

Drug and Alcohol Testing

Employees are required to submit to drug and/or alcohol testing in the following situations:

- **New Hires**: Each new employee will submit to a drug test shortly after his or her date of hire.

- Reasonable Suspicion: When the Town has reason to believe that an employee has reported to work or is working while impaired by drugs or alcohol, or has used illegal drugs, the Town will direct the employee to report for a drug and/or alcohol test.
- Post-Incident: Any employee involved in an accident on the job or an incident involving an unsafe practice or violation of a safety rule, standard or policy, may be directed by the Town to submit to a drug and/or alcohol test.
- Follow-up Testing: An employee who has violated the drug and alcohol policy, but has not been discharged, may be required to submit to follow-up testing as a condition of his or her continued employment. A program of follow-up testing will be set forth in writing and will continue for a set period of time. During a follow-up testing period, an employee will be subject to unannounced testing for drugs and/or alcohol.

FAILURE TO SUBMIT TO TESTING: A failure or refusal to submit to testing as outlined above, or refusal to cooperate with the testing laboratory, shall be treated as a positive test.

(1) Alcohol Testing Procedures:

The Town will direct the employee to report to the testing laboratory for a blood or breathalyzer test. In the case of a blood test, blood will be drawn only by a qualified medical professional, in accordance with accepted medical standards. A breathalyzer test will be administered by a qualified operator, and may be administered on the premises of the Town (e.g., by law enforcement personnel). The employee's blood alcohol level shall be reported to the Town immediately.

(2) Drug Testing Procedures:

i. Collection:

An employee subject to drug testing will be directed in writing to report at a specified time to the testing laboratory. Collection of a urine sample will be supervised by qualified medical personnel, in accordance with the procedures established by the testing laboratory. The sample will be properly sealed and labeled, in the employee's presence, to avoid contamination, tampering or confusion of samples. Employees reporting for a drug test should be prepared to produce picture identification. If an employee has taken any prescription drugs, or has any other reason to believe that the test will result in a false positive, the employee must inform the testing laboratory before taking the test.

ii. Processing:

Urine samples will be screened initially by an Immunoassay or comparable screening test, with positive results confirmed by Gas Chromatography/Mass Spectrometry or a comparable confirmatory test. Testing will be performed in accordance with federal government standards, under the supervision of qualified medical and laboratory personnel employed by the testing laboratory. The

laboratory will test all samples for the presence of marijuana, cocaine, opiates, phencyclidine (PCP), and amphetamines/methamphetamines.

iii. Reporting of Results:

The results of a drug or alcohol test will be reported verbally and in writing to the Chief or the person he designates to receive those results. The testing laboratory will reveal to the designated official only whether the employee has received a result of negative for drugs or positive for drugs. The results of the drug test will be maintained in the strictest confidence by the Town and will not be disseminated except on a "need to know" basis.

Positive Results. Before a positive test is reported to the Town by the testing laboratory, the doctor who interprets the results ("Medical Review Officer") will consider whether the positive test result was caused by legal drug use (pursuant to a validly obtained prescription). The Medical Review Officer shall require that the employee produce any necessary written proof, and the employee shall authorize the Medical Review Officer to obtain further information from his or her health care providers. If the Medical Review Officer determines that the employee's explanation is medically corroborated by the test results (e.g., the substance identified in the test is contained in the prescribed drug) then the test will be reported to the Town as "negative". The laboratory will not provide to the Town any information it learns concerning prescription drugs that the employee is taking pursuant to a validly obtained prescription. If the Medical Review Officer is unable to obtain the employee's cooperation in order to make this determination, the positive result will be reported to the employer.

iv. The Testing Laboratory:

The testing laboratory shall be selected by the Town, and shall be certified by the State or Federal Government.

D. Searches

The Town has the right to search for alcohol or drugs on Town owned or controlled premises, including in desks, tool boxes, Town owned or controlled vehicles, lockers, or in other containers on the premises that may conceal substances prohibited by this policy.

E. Enforcement

Any employee who violates this Article will be subject to discipline up to and including discharge. In an appropriate case, the Town, in its sole discretion, may retain an employee who has violated this Article. In such a case, the employee's continued employment may be subject to certain conditions, which may include participation in a rehabilitation program and/or follow-up drug and alcohol testing.

F. Employee Assistance Program

Any Town employee may receive assistance with treatment of a drug or alcohol dependency problem through the employee assistance program ("EAP"). Employees may voluntarily request such help or the Town may require participation in the EAP as a condition of continued employment. An employee's participation in the EAP is treated confidentially. Participation in any program or treatment through the EAP will not be disclosed to the Town without the

participant's written permission. In cases where participation in the EAP is required as a condition of employment, the employee will be required to permit the Town to be informed only whether the employee is participating as required (i.e., keeping scheduled appointments).

ARTICLE 27 – INSURANCE

The Town agrees to provide each bargaining unit member with the same insurance benefits, or equivalent, which it shall provide to other Town employees in accordance with the Town's Personnel By-laws as written in §§6.10-6.20.
